Note: Outcomes exclude detox discharges
Salt Lake, Davis, Weber (Mogan is included in Weber County), and Utah Counties are reported as Urban. All other counties are reported as rural.

Green = 90% or greater of the National Average.
Yellow = Greater than or equal to 75% to less than 90% of the National Average.
Red = Less than 75% of the National Average.

* No one homeless at admission so no opportunity for change.
** No one reported at discharge.
n/a = no clients reported/not applicable to incarcerated population.
Decreased Use and Completing Modality Successfully are not national measures and are not scored.

State Total for Clients Served is an unduplicated client count across all modalities and is not a sum of the clients served for the providers listed.
Final Discharges are reported by treatment episode.

Admissions are the number of duplicated admissions to a treatment modality that occurred within the fiscal year.
Clients served are an unduplicated count of clients served during the fiscal year. Due to a change in reporting procedures, The numbers on this chart may not be the same as reported in previous years.

Calculations for SA Outcomes:

All outcomes are percent increase or decrease. Specific percentages are calculated as follows using FY final discharges, excluding detox-only clients. Percents at admission and discharge are calculated by dividing the number of clients reporting the outcome divided by the total number of discharged clients with valid, non-missing, data for that measure:

Abstinence (Percent Increase):
(Percent abstinent at discharge *minus* percent abstinent at admission) *divided by* percent abstinent at admission

Stable Housing (Percent Increase):
(Percent not homeless at discharge *minus* percent not homeless at admission) *divided by* percent not homeless at admission.

Employment/School (Percent Increase):
(Percent employed/student at discharge *minus* percent employed/student at admission) *divided by* percent employed/student at admission.

Criminal Justice (Percent Decrease):
(Percent arrested at 30-days prior to admission *minus* percent arrested 30-days prior to discharge) *divided by* percent arrested 30-days prior to admission.

Length of Stay:
Median length of stay calculated from admission date to date of last contact for those discharged in the fiscal year
