Department of Human Services

ANN SILVERBERG WILLIAMSON
Executive Director

Division of Services for People with Disabilities

ANGELLA D. PINNA
Interim Director

August 1, 2016

Dear PASRR Professional,

I'm writing to let you know that the protocol for making a referral for an Intellectual Disability or Related Condition (ID.RC) PASRR Level II Evaluation is changing immediately. This change does not affect PASRR referrals for people suspected of having Serious Mental Illness (SMI).

For quite some time there has been just one contractor [Advanced Behavioral Care] completing ID.RC PASRR Level II Evaluations. The Department of Human Services has secured an additional contractor [Wasatch Mental Health Services, SSD], necessitating a change in our referral system.

To request an ID.RC PASRR Level II Evaluation, please email your signed, completed Level I PASRR Evaluation to dspd_pasrr@utah.gov (using only encrypted email), or via fax to (801)538-4279. Your referral will be forwarded by the state PASRR Administrator to the appropriate contractor for completion. The contractor will complete the evaluation and forward the results directly to you, as well as to the state PASRR agency, as is currently the case.

Please let me know if you have any questions regarding this communication.

Cordially,

Brian D. Parnell, MSW, CSW
Division of Services for People with Disabilities
